Claims 22 and 23 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Reger et al. (5,160,342). Reger et al. disclose vascular filter guide wire (the combination of the outer portion 36 and the inner core wire portion 76 as described in col. 7, lines 55-67, noting that portion 76 is a wire having stiffness as described in these lines) insertable and steerable through the vasculature (col. 6, lines 3-19 and col. 8, lines 36-51) and catheter 16 having a lesion treatment device 14, the guide wire including a collapsible filter 10 for manual deployment (col. 8, lines 52-65) downstream of the catheter, wherein the filter is directly connected to the guide wire and manual deployment of the filter occurs based upon movement of the guide wire with a direct connection to the filter. Alternatively, it would have been obvious that inner core wire portion 76 is part of the "guide wire" since it is a wire and since it is located within the hollow outer portion of guide wire 36. As to claim 23, Reger et al. disclose core wire 76, tubular flexible shaft 36 including a distal portion disposed (radially) inwardly from the core wire distal end and collapsible filter 10 coupled at one end directly to said shaft (col. 6, lines 28-30) and at its other end directly to the core wire 76 (col. 7, lines 33-35).

Applicant's arguments filed Dec. 18, 2003 have been fully considered but they are not persuasive for the reasons set forth above.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
